In the Current Economic Climate....

This is a phrase that pops up more and more but what does it mean?

Southam Town Council want to be able to help residents and businesses through difficult patches whatever they might be.

There is a huge host of support packages available but how do we access and take advantage of them? The Town Council is hoping that in some way it can bridge that gap.

A working group has been set up to try and tackle a vast number of issues that arise as a result of the current economic climate. It is hoped that this newsletter could play a part in actively ensuring that Southam residents and businesses are equipped to ride out this recession as painlessly as possible.

This newsletter will feature useful advice

and information, in bite sized chunks with all the jargon chopped out.

Tackling the credit crunch will become a resource for all and it would be great to have your thoughts and feelings about what is happening too. By joining together as a community we can endeavour to come out the other side of this recession relatively unscathed.

BUSINESS RATES IMPORTANT INFORMATION

If your business sales have declined substantially over the last twelve months you may be eligible for a reduction in the business rates that you are currently paying. Get in touch with Stratford on Avon District Council to see if this facility applies to you. Tel 01789 267575 and ask for the Business Rates Department . You will be asked to provide financial records.

COMING SOON!! CITIZENS ADVICE RETURNS TO SOUTHAM
